FEBRUARY 2 SET AS DATE FOR NILES FIREMEN DINNER

Chamber Of Commerce To Be Hosts At Congre- gational Church

Date of the turkey dinner to be given for the Niles fire department by the Niles Chamber of Commerce has been set for next Thursday night, February 2, was the announcement made by Dr. R. H. Bennett, committee chairman, at the Monday meeting of the civic body.

The dinner is to be held in the Niles Congregational Church parlors and will be served by members of the Ladies Guild. The committee in charge selected next Thursday instead of this week in order to give the ladies more opportunity to prepare for the affair.

Dr. Bennett also announced that the committee is working out plans for an enjoyable entertainment program for the evening, details of which will be announced at next week's meeting.

A committee was named by President F. V. Jones to draw up a new constitution and by-laws for the chamber. All copies of the present by-laws under which the civic body operates have been lost, said Jones. The following were named on the committee:

A. J. Petsche, Lester Duffey, E. A. Ellsworth, and Robert Blacow.

A note of optimism in the future of business was sounded at Monday's meeting when T. Corrigan, connected with the Southern Pacific Company, who was present as a guest, declared that although conditions were not bright at the present time, he expected improvement in the next three months. H.

SHRINE UNIT SEATS NEW OFFICERS AT LIVERMORE

At the meeting held recently in Livermore, Ezra W. Decoto, of Oakland, former Alameda county district attorney, was chosen president of the Southern Alameda County Shrine club, while Ralph V. Richmond, of Niles, was elected vice president. Decoto is a past potentate of Aahmes temple of the Mystic Shrine.

Other officers chosen at the meeting were Hans Vejby, of Hayward, as secretary and Constable Vincent Strobel, of Hayward, sergeant-at-arms.

All officers were installed by District Attorney Earl C. Warren, chief rabban of Aahmes temple, who was assisted by Judge Manly Clark, of Livermore, thirty-ninth Masonic district inspector. A banquet preceded the election and installation.

Several notable speakers were present at the gathering. Among the guests present was William P. Baird, United States department of agriculture official, stationed in North Dakota.

The next meeting of the club will be held in April, it was announced by President Decoto.

Tom Pugh, of Livermore, was a visitor in Niles on Monday.

L. Scott, Niles business man, also joined in this view when he announced that his business showed much improvement during the first three weeks of January.

Harvey Braun presented a report of the season's rainfall figures in Niles up until Monday morning as recorded by the rain gauge kept at the Southern Pacific station, where he is the agent. These figures will be found in other columns of this week's Register.

An entertaining and interesting account of his trip to Los Angeles last week was related to the chamber by Lester Duffey. Duffey said that conditions in that city were much more deplorable than what are being experienced in this section of the state.

A communication was read to the chamber from the Associated Oil Co. asking the group and other institutions in the locality to boost the submittal of essays on spots of tourist interest in this section as a means of obtaining valuable publicity for the community. Essays considered worthy, will be read over the Associated Spotlight radio broadcast and thus attract favorable attention to the community with which the essay deals. President Jones suggested that the matter be submitted to the Niles grammar school and Washington Union high school authorities in order they may place it before students.

A communication was read from the California Chamber of Commerce, asking support for ten bills which the state chamber is sponsoring at the present session of the legislature.

Toyon Branch Members Discuss Plans for Year

Members of Toyon Branch of the Children's Hospital held a very enjoyable meeting at the home of Mrs. J. E. Townsend in Niles Monday afternoon. Books for 1932 were closed at the session and new plans for this year discussed.

Mrs. Herbert Harrold was appointed chairman of the memory fund.

Announcement was made of the annual luncheon of all Children's Hospital groups in the east bay to be held in St. Paul's parish house, Oakland, February 6, which several members of Toyon Branch plan to attend.

Decision was made at the meeting to hold one meeting a month hereafter, which will be held on the second Monday. The ladies also decided to carry brooms again this year for all those interested.

Funeral Services Are Held For Decoto Infant

Funeral services were held Monday afternoon in the Odd Fellows cemetery at Irvington for Sara Solis, four months old baby daughter of Mr. and Mrs. Adolph Solis, of Decoto.

The baby died Sunday at the Solis home. Botelho Chapel of the Palms, of Centerville, were in charge of funeral arrangements.

WEEK-END RAINS ARE RELIEF TO NILES RANCHERS

WELCOMED HEARTILY by farmers and ranchers in this section, the heavy rain storm which began during the latter part of last week and continued until Wednesday boosted the total rainfall for the season up to 8.33 inches.

This was revealed by the rain gauge kept at the Niles Southern Pacific Company railroad station. The figure, however, is still considerably below that for the season last year when by January 25 14.70 inches had been recorded. Eight inches of this fell during the month of December.

A total of 4.07 inches of precipitation was recorded during Sunday, Monday and Wednesday morning. From January 23 to June 30 last year, which is considered the end of the season, a total of eight inches of rain was noted at Niles.

It is expected the rainfall will reach normal this year before the season ends.

UNITED NEWSPAPER FRONT TO OPPOSE RADIO IS SUGGESTED

Register and Times Editor Tells of Publishers' Conclave

Reporting a very interesting and enjoyable trip, Mr. and Mrs. Norman H. Parks returned Saturday evening from attending the forty-fifth annual convention of the California Newspaper Publishers Association held Friday and Saturday in Marysville. Newspaper editors and publishers from various sections of the state were present at the gathering.

The most outstanding address of the session, reported Mr. Parks, editor and publisher of the Township Register and Pleasanton Times, was delivered Saturday by Carl Heintz, of the Hanft Metzger Company, on the subject of "Market Survey and Promotion." Inroads of radio and billboards into newspaper advertising was an important subject of this address and the editors assembled were of the opinion that newspapers in general will have to organize into bodies and sell their advertising in a unit if this competition is to be met successfully, according to the Register editor. Possibility that the present resentment shown by the public toward introduction of advertising matter into radio programs may become more emphatic and lead eventually to a solution of the problem, was pointed out at the meeting.

Urgent necessity of cutting expenses, especially among the small daily newspapers if they are to survive, also was stressed at the convention. These papers, Mr. Parks said, have continued to provide throughout the depression the same service maintained during prosperous times, in the hope that conditions would improve, drawing upon surplus funds to do so, and are now feeling apprehensive as these funds are nearly depleted.

Mr. and Mrs. Parks reported that it was a painful revelation to discover how the Filipino had almost displaced white people on the farms along the Sacramento River delta, which they observed on their trip to Marysville.

Niles Man To Face Sentence On Wage Act

Found guilty of violation of the Wage Law Act, Joaquin Oliveria, of Niles, will receive sentence in the Niles justice court Friday (tomorrow).

The charge against Oliveria was brought by Mrs. D. Lorenzo.

EDITORIAL COMMENT By NORMAN H. PARKS, Publisher Register

Suggests a Dictatorship!

There have been many people put in jail since the World War because they advocated, openly or secretly, communism. While the writer has no sympathy with the political beliefs of Trotsky and Lenin, we would take away no man's liberty because he was committed to another form of government than the one under which he lives. To muzzle men and parties is but to stifle progress and smarter and perhaps better ideas. If one form of government cannot maintain itself upon merit, alone, certainly its continuity should not be assured by the bludgeon and the dungeon.

We are led to these musings by the ever-increasing suggestion from the higher-ups that this country may be forced into a dictatorship. A man, familiar with propaganda, cannot help but see the sinister motive of these stories and understand their inspiration. There is a movement on foot, well organized, and munitioned of course with vast resources, subtly working for the overthrow of representative government and the triumph of an autocracy. It would not be difficult to run down the source, if the government was inclined to show the same amount of industry here as is consistently displayed against the "Red" menace.

If there is any difference between the two, we would like an explanation from the United States attorney general as to just where the line is drawn. Both extremes have the same objective in view—the overthrow of democratic government. One theory would abolish all private holdings and make the workers the bosses of creation; the other would reduce free men to serfs, and put the power of life and death in the hands of one man and his political cabinet.

If the first class is to be sent to jail, then the writer demands that the second class also be de-

DEATH SUMMONS MISS LUCY SHINN OF NILES

Friends throughout the township and the bay region are extending to Mr. and Mrs. J. C. Shinn, of Niles, sympathy and condolence for the death of their eldest daughter, Lucy Emily, aged 22, who passed away Sunday morning, having succumbed to an attack of influenza after a lingering illness of more than a year. Private services were held at the Garden Chapel of Pratt's funeral parlors in Hayward Wednesday afternoon at 2 o'clock, followed by cremation at the Mountain View cemetery.

Rev. Edson B. Hale, of Martinez, and Rev. F. V. Jones, of Niles, former pastors of the Niles Congregational church, officiated at the services.

Requests had been made that friends send no flowers, but a number of those who wished to express love and sympathy in this way made contributions to memorial funds for the Baby Hospital, the scholarship fund of the Washington Union high school, or the Campfire Girls' program in this community.

The grand parents of the deceased were among the very earliest residents of the township, Mr. and Mrs. H. A. Mayhew and Mr. and Mrs. James Shinn, both families having come to this region in the early 50's, they and their children having been among the outstanding citizens of the community, prominent in social, civic and educational affairs.

As a member of the younger group in Washington township she was one of the junior members of the Toyon Branch of the Baby Hospital, and demonstrated

a diversified ability in successfully filling the positions of business manager for the Washington Union high school "Hatchet" in her senior year, staff member of the Daily Californian at the University of California, and news writer of The Township Register, Niles. Her first year of high school work was done at the Cora Williams Institute of Berkeley, a marked artistic ability being shown there and in her later school life. She graduated from the Washington Union high school and attended the University of California for two years.

Several successes in amateur dramatics was another evidence of her diversity of talents. Although of a somewhat retiring and conservative manner, she had for those who knew her intimately a charm of sweetness and loveliness and in her passing the community loses one of its talented young women whose abilities would have meant much in mature years.

The deceased is survived by her parents, Mr. and Mrs. J. C. Shinn, well-known residents of the township; two sisters, Elizabeth Shinn and Anne Millicent Shinn, both of Niles; two brothers, Joseph Shinn, of Niles, and Ensign Allen M. Shinn, of the U. S. Navy and now stationed at San Pedro.

Another sister was the late Martha Florence Shinn. The deceased was the niece of Dr. Millie Shinn, noted author and psychologist, and a cousin of the late Martha L. Sanford who passed away last October.

The sympathy of the entire community has been extended to the bereaved family.

REBEKAH LODGES SEAT OFFICERS IN JOINT CEREMONIES

Many Visitors Present At Rites Held In Niles Friday

Nearly 100 members and visitors were present at the joint installation of officers of the Niles and Alvarado Rebekah lodges held Friday night in the Odd Fellows hall at Niles.

Mrs. Layton Hanifen, of Pleasanton, was the installing officer. Visitors from Livermore, Pleasanton, Irvington, Alvarado, and Hayward were present. A banquet was served and dancing and card playing enjoyed during the evening.

Niles officers installed were: La Von Molter Sorenson, of Hayward, past noble grand; Mrs. Jean La Come, of Centerville, noble grand; Mrs. Charles Plumb, of Hayward, vice grand; Martha Crane, of Niles, warden; Mrs. Fern Mitte, of Niles, financial secretary; Rose Fournier, of Niles, recording secretary; Mrs. Edith Rose, of Hayward, conductor; Mrs. Mary Bernard, of Niles, treasurer; Mrs. Ethel Fournier, of Niles, chaplain; Mrs. Roy Rose, of Hayward, outside guardian.

TRIAL OF ALLEGED SWINDLERS AGAIN POSTPONED

Set for Monday in an Oakland superior court, the trial of Howard Jewell and Gordon McCutcheon, alleged oil stock swindlers who conducted operations in Washington township, has again been continued.

A full docket was given by the district attorney's office as the reason for continuing the case until further notice. The trial originally was slated to take place in December.

NILES GRAMMAR CAGERS DEFEAT CENTERVILLE

The Niles grammar school basketball team defeated Centerville grammar school by a 12 to 11 count last Thursday afternoon in the Washington Union high school gymnasium. It was the first defeat of the year for the Centerville boys.

Niles held a 11 to 4 lead at half-time, but Centerville scored seven points via the foul route in the second half to narrow the gap. Reno Quarteroli was high point man for Niles with seven points, while Galo Arias scored four. Walter Rupp tossed in five points for Centerville.

Those who saw action for Niles were Reno and Geno Quarteroli, Joe Rebello, Anthony Souza, Tony Correa, Galo Arias, and Bradford Hodgkins.

BUYS NEW CHEVROLET

Mrs. Mary Regan, of Niles, is driving a new 1933 Chevrolet coupe purchased this week from Rose's Garage at Niles.

SHOWER GIVEN

A shower was given at the home of Mr. and Mrs. Manuel Rego, of Niles, Saturday night for Mrs. Rego's sister, Mamie August, of San Jose, whose marriage will take place soon.

Fruit Salad Run May Be gin On Monday, February 6

Although it has not been definitely settled, the Schuckl cannery at Niles is slated to open Monday, February 6, for a run on fruit salad.

News of the probable opening has been heartily welcomed by a large number in the Niles area who will be provided employment. The plan employs about 125 people. How long the plant will operate is uncertain, according to cannery officials.

PIONEER IRVINGTON WOMAN ANSWERS SUMMONS

Last tribute was paid Tuesday afternoon to Mrs. Caroline Driver, wife of John H. Driver, well-known southern Alameda county rancher and pioneer, who died Sunday at her home in Irvington.

Final rites were held at two o'clock in the afternoon from the Irvington community church, and burial followed in the Irvington Odd Fellows' cemetery.

Mrs. Driver, who had many friends in this section, was born in Wisconsin eighty-four years ago. She came to this state at an early age and had resided in Irvington for many years. Her husband who still survives, was once an extensive land owner in southern Alameda county. The deceased also is survived by two sons, Harvey Hansen, of Oakland, and Albert Hansen, of Cleveland, Ohio.

SMALL GIRL HURT AS ROCK HITS MACHINE

A large rock loosened by the heavy rains crashed through the top of an automobile at the "Narrows" on the Niles Canyon highway Saturday night and caused Elsie Andrade, six year old daughter of Joe Andrade, of Alvarado, to suffer a broken collar bone.

The girl's father was driving the car at the time the accident occurred. There were numerous large rocks rolling onto the highway during the week-end due to the torrential rains.

Driver Of Death Car Answers Final Call

Only a few hours after he had been released from San Quentin on a parole from the governor, James Raymond Kelly, former San Francisco policeman and driver of a car that smashed head-on with another machine and killed two people near Niles, August 30, 1931, died of double pneumonia at a San Rafael hospital last Thursday night.

Kelly was serving a term of one to ten years for manslaughter as a result of the accident in which Mr. and Mrs. J. Lloyd Davis were killed. He was attacked by pneumonia earlier in the week and relatives secured his release from prison.

NILES SAILOR VISITS HOME

Emmett Sullivan left San Francisco Friday on the steamer, President Adams, on which he is employed, after spending several days visiting at the home of his mother in Niles. This will make Sullivan's sixth trip around the world.

Deputy Hugo Radbruch was a business visitor in Oakland Monday.

SAFETY FIRST

THE PUBLIC should be prudent in seeking relief from pain. Take nothing which does not have the approval of the medical profession.

BAYER ASPIRIN will never do you any harm, and almost always brings the desired relief. But remember that the high medical endorsement given Bayer Aspirin does not apply to all tablets for relief of pain.

THE DOCTOR is careful to specify Bayer Aspirin for these important reasons: It has no injurious ingredients. No coarse particles to irritate throat or stomach. Nothing to upset the system. Not even any disagreeable taste. The Bayer process insures a pure, uniform product.

INSIST on the tablet you know to be safe. And the one that has speed. Bayer tablets dissolve so quickly, you get immediate relief from your headache, neuralgia, or other pain.

SLUMP SPURS IDLE TO HUNT FOR GOLD

Important Strikes Made in Abandoned Mines.

Neno, Nev.—The business depression and the low price of silver have stimulated the gold mining industry in Nevada, with new important discoveries of high grade and shipping ore being made in scattered sections.

Many of the famous old silver camps, such as Virginia City, Tonopah and Goldfield, have responded to the world-wide cry for gold and mine operators are shipping the yellow metal from camps formerly thought to be only silver producers.

Unemployed persons have taken to the Nevada wastelands, some with a small grubstake and visions of a strike, others merely in the hope of finding steady employment at a daily wage.

\$45,000 a Ton.

The latest strike to capture the imagination is located 63 miles from Reno, at Fireball camp in Pershing county, where ore samples assayed 257 ounces of gold and 123 ounces of silver per ton. Conservative engineers who visited the Fireball returned with glowing reports.

The greatest gold excitement of the year took place in February when two old desert men, Charley and Jim Scossa, discovered high-grade ore assaying as high as \$45,000 a ton in the old Rabbit Hole district 50 miles above Lovelock. This discovery caused a real gold rush and the camp now has grown into a permanent town.

Mining men of Tonopah are speaking in whispers of some great gold discovery which has been made in that vicinity.

In Famous Camp.

High grade veins in an old abandoned mine with ore assaying into the thousands have been discovered during the last month in that famous old mining camp, Virginia City, which once poured \$70,000,000 of silver into the national treasury when it was needed most by the Union during the Civil war.

Numerous good gold discoveries have been made in Elko and Humboldt counties which give promise of production for years to come. Southern California capitalists are quietly investing huge sums in developing work there.

Even the old "ghost town" of Gilbert has had a resurrection and a small army of leasers are working there in old mines. Round mountain continues to be the most prosperous camp with 200 men employed at Gold Hill and Sunnyside.

Wool Superintendent With Plant 65 Years

East Rochester, N. Y.—One day in 1868, just after the Civil war, an eight-year-old boy appeared at the Cochecho Woolen Manufacturing company's plant here and asked for a job.

He was put to work tending a cloth dyer at 50 cents a day.

The "boy" is still on the job at the same plant. Thomas H. Gotts, seventy-three, with an unbroken record of sixty-five years' service, is now superintendent of the wool department and has no idea of retiring in the immediate future.

Indian Fighter Saves Scalp of Chief He Slew

Freeport, Ohio.—Theodore Holaday, eighty-four years old, retired buggy and implement dealer, is the last of Ohio's living Indian fighters.

Included among his relics are a scalp of the Sioux chief he killed at Fort Laramie, Wyo., in 1865, the chief's brass wristlet with notches cut in it for every "paleface" he killed, his nose ring, his scalping knife and his wampum pouch, his steel-handled flint carrier and his blanket.

Blame Put on Rats

A number of German explorers who have just returned to Cape-town from the Ngami lake district in Africa report that Lake Ngami was formerly a deep lake 20 miles long and 10 miles wide. Today it is very shallow and almost dry, because, according to the natives, rats had stopped a number of rivers from flowing into it.

Drops of Water Heard Afar

By means of a new sound-on-film system, invented by a famous Hungarian scientist, drops of water from a spoon are audible for a considerable distance. It is claimed that the tonal quality produced by the system is practically perfect and that all ground and other extraneous noises are eliminated.

New Version of Legend Concerning St. Patrick

The legend of St. Patrick driving the snakes out of Ireland, as told in "Wonder Garden," by Frances Jenkins Olcott, is that St. Patrick found Ireland filled with snakes, serpents, demons and toads, and determined to rid the country of them. So he gathered them all together and bade them go to the top of Crochan Acla. Some refused because they knew they would be forced into the sea from the mountain top. St. Patrick, knowing they feared the sound of a bell, rang one very gently. Immediately they rushed to the top of the mountain and from there over the side of a cliff into the sea.

Some of the reptiles, however, hid in a cave near the edge of the sea. The saint rang the bell again, but in vain, as the surf drowned out its chimes. The reptiles were safe until he flung the bell over the mountain top and into the hollow where they were hiding. It fell on their backs and they plunged into the sea. Never since that day have snakes been seen in the land and some folks say that the bell lies hidden under the earth in the hollow of Crochan Acla.

The legend is symbolic of the fact that St. Patrick cleansed Ireland of its sins and brought it the faith.—Cleveland Plain Dealer.

Government by Soviets, That Replaced Czarism

A definition and explanation of the term "Soviet," made by Webster's New International dictionary, is as follows: "Soviet: A council, specifically, either one of two governing bodies (village soviets, town soviets) in the Union of Socialist Soviet Republics, established as a result of the Russian revolution of 1917 and by the constitution of the republic of July, 1918, and later by the constitution of the union, July, 1923. These soviets are the primary organs of a government based on the principle of communism, seeking to give the power to the working classes. They are the supreme local authorities; consist of representatives, chosen annually, of workmen (elected by shops, organizations, etc.), soldiers, and peasants; and send deputies to the higher soviet congresses; volosts (rural district), uyezds (county), guberniyas (provincial), oblasts (regional), and the congresses of the constituent republics. All these soviet congresses meet annually. The highest governmental body of all is the union soviet congress, composed of representatives of town soviets and of representatives of the provincial soviet congresses. This congress elects the union central executive committee."

Great Appetites

Fondness for pickles seems to have been a characteristic of famous personages as well as of ordinary mortals, both ancient and modern.

The early Greeks and Romans and other ancient peoples were especially fond of pickles, and historical records from antiquity down to modern times tell us that Cleopatra, Tiberius, Julius Caesar, Napoleon and our own Washington and Jefferson were among the world celebrities who liked the familiar appetizers that we moderns know so well.

The cucumber, most popular form of pickle, is one of mankind's oldest foods, and was first cultivated in northern India 3,000 years before Christ.

Brilliant Constellation

The Southern cross is a constellation situated near the Antarctic circle. It consists of four bright stars. The two brilliant stars, which mark the summit and foot have nearly the same right ascension. The constellation, therefore, is almost vertical when passing the meridian, and these two stars act as pointers to the Antarctic circle. The constellation becomes visible at about north latitude 30 degrees, but haze and fog near the sea horizon will usually obscure it until a latitude six or seven degrees farther south has been reached.

City of Montreal Rich in Historic Interest

In Montreal the visitor finds ample store of pleasurable experience, from historic spots and structures to the most varied and modern of amusements. First in interest come the architecture and other relics of its 300 years of history, and the sites, and sometimes the actual fabrics, associated with the famous explorers, traders and missionaries who set out in the Seventeenth and Eighteenth centuries to open to Christianity and civilization the whole midcontinent on both sides of the present international boundary.

Here the American visitor comes upon traces of La Salle, Marquette, Cadillac, Duluth, Hennepin, and other dauntless pioneers who founded the cities which today perpetuate their names or their mother speech in the Middle West of the United States. Buildings dating back to 1690, monuments to Cartier, who visited Indian Hochelaga at the foot of Mount Royal, in 1536; to Champlain, who built a fort there early in the Seventeenth century; and to Maisonneuve, who founded Montreal as Ville Marie in 1642; tablets showing where La Salle lived before setting out to discover the Mississippi; and where General Montgomery lodged before joining Benedict Arnold in their unsuccessful attempt to capture Quebec—these are some of the shrines of a history shared equally by the people of the United States and Canada.—Philadelphia Record.

Eastern Nations First in Use of "Fireworks"

The origin of pyrotechnics is unknown, but the art was early practiced in the East. Although inflammable compositions (known as Greek fire) were used in European warfare before gunpowder had become known among the western nations, fireworks, in the modern sense of the word, became known to them about the middle of the Fourteenth century and record is found of their having been used as an accessory of public pageantry in the year 1588. The early development of fireworks in Europe was due to the Florentines. Fireworks have been associated with the Fourth of July from the beginning. At the time of the signing of the Declaration of Independence John Adams, in a letter to his wife, said: "It (Independence day) ought to be solemnized with pomp and parades, with shows, games, sports, guns, bells, bonfires and illuminations, from one end of the continent to the other, from this time forward for evermore."

No Such Continent

The name "Continent of Lemuria" is given by Haeckel to a vast area assumed to exist in past ages over the area of the present Africa, Indian ocean and Malayan archipelago, on the hypothesis that the existence of such a continent was necessary to explain the peculiar present distribution of the lemurs and other phenomena of geographical distribution. The discovery of the remains of lemurs in America and Europe rendered such hypothesis futile and the idea was soon abandoned.

Reverse English!

Two students at William Jewell college (Florida) have relinquished their rights to joke about the absent-minded professor. It is reported one boy forgot and sent a letter intended for the girl he left behind to his parents while he mailed his laundry to the young lady. Another boy walked all the way from the dormitory to the post office with his laundry, but forgot to change the address card and in a few hours his laundry bag was specially delivered to him at his room.—Pathfinder Magazine.

Clever Imitations

Rare Chinese carvings in jade, quartz, amethyst or other extremely hard substances, usually in the form of trees and flowers, the work of generations of orientals, and therefore extremely costly, have been cleverly imitated. Wires are wrapped with tinsel, glass leaves are made to imitate amethyst or jade, and glass beads are strung on the wires.—Popular Mechanics Magazine.

An Interrupted Poetical Recitation

By JANE OSBORN

SALLY CARR felt like a naughty little girl having her own way when she told John Horner that he might see her home that cold clear night in February. As usual there were several of the young men who had expressed the hope that they might walk the two blocks with her that day between the house and the club house, where those informal neighborhood dances were held twice a week all winter. There were Tom and Kendrick and Rodney. She knew that if she accepted any one of them, the other two, while in a measure disappointed, would have approved. They were birds of a feather, each in the estimation of the other a "regular fellow." But John Horner was a queer fish, to put it mildly. He read too much, studied too hard and loafed too little. Now he was working in a magazine office somewhere in the city, and it was said that he sold poetry and was writing a novel.

When Sally first danced with John that evening at the club she was a little embarrassed because she felt that she was taller than he. She felt relieved when she saw in a mirror at the end of the room that they were practically the same height. Still, Sally wished that John was just a trifle taller. Tom Kendrick and Rodney were all six feet or more. But when she sat talking with John after that first dance she forgot his stature.

He was telling her an amusing incident of his short stay in Algiers the summer before. Later they spoke of poetry—and Sally asked him if she might some time see something he had written.

"I'll recite it to you, if you'll let me," said John.

He asked if he might walk home with her, and she said he might.

"I'm glad," said John, "because I want to recite that poem to you. As a matter of fact, I wrote it to you. But I can't say it in here. I have to be outdoors."

Sally laughed and told him she hoped it wasn't a long poem because it was only two blocks from the club to her house, and John said it was only eight lines long.

Sally and John were among the first out of the clubhouse that sharp February evening. Deep ruts in the snow and a smooth glaze of ice over much of the road made motoring uncertain and almost all the dancers chose to walk home.

Sally was aware that Kendrick, walking with Rodney's sister, and Tom walking with Kendrick's cousin with Rodney in tow, were walking five abreast not far behind her.

She asked John to recite his poem. "But not too loud," she warned, "some one may be listening."

John began. It was really a rather nice bit of verse. Sally was too confused to hear much of the first four lines—and the last four she never heard, at least until several months later. But she did catch enough of them to know that they expressed ardent devotion. The hand of the poet holding her arm so firmly sent a strange thrill to Sally's young heart—and then, unexpectedly, the hold became tighter, painfully tight, and Sally felt suddenly that the slippery ground had been pulled out from under her. It seemed as if the cold sky above turned a sudden half circle and then she landed, but upon something unexpectedly soft. When she came to a full realization of just what had happened, it was to hear a chorus of rough guffaws and raucous ha-ha's. Rodney, Tom and Kendrick were standing over her and so were Rodney's sister and Kendrick's cousin. And Sally realized as they looked down upon her that she was sitting squarely and firmly on John Horner's stomach.

"I'm sure I don't see anything to laugh at," said Sally, but apparently John did. At least as soon as he had scrambled to his feet he managed to join the others in their laughter. Kendrick suggested that one of the brave trio had better help John home—to keep him from slipping—while another had better

walk on with Sally. "She might sit on you again," said Rodney. Sally looked at John. Standing there beside the others he looked very short—almost insignificant. Then she remembered the four lines he had begun to recite. Tears came into her eyes. "I think we can manage very well alone," Sally told the others. So they went on up the hill together, walking very gingerly, arm in arm.

"I won't try to go on with the verse," John told her. "Walking on ice and spouting poetry apparently don't go well together."

"But I think what I heard was very beautiful," Sally said.

John stood still and held her to him, looking straight into her eyes that seemed like jewels in the faint starlight. "You know I love you," he said. "But after what happened, of course, you can only despise me. You were very, very kind not to send me off before the others."

"But I don't want to send you off," said Sally. "John—I love you."

Personal Morality

A great many people waste time talking about codes, standards and scruples, when in reality they mean inhibitions, instincts and desires. The finest excuse for personal morality is that in the end it justifies itself through increased satisfaction with living.—Lee Carpenter.

Ingenious Robbers

Robbers who stole a marble statue of the Virgin, made in the Fourteenth century, from a church at Ussel, near Solons, France, left in its place a copy in plaster, and the theft was not discovered for several days.

"Emancipation Day"

June 19 is observed as emancipation day by many negroes, because on that date in 1862 congress passed a law prohibiting forever slavery in the federal territories. The date is observed particularly in those states such as Oklahoma, which were later carved out of federal territory. By a coincidence the negroes were proclaimed free in Texas on June 19 by the Union commander, and in that state also June 19 is observed as a holiday.—Pathfinder Magazine.

Materials Evolved by Acids Drawn From Air

Silk stockings have actually been made from air! They look very well indeed, but they have one drawback: they melt in hot weather. Still, that is a disadvantage which will doubtless be overcome in time, for the science of making silk from air is still in its infancy.

Wonderful work has been done by Mr. Wallace Carothers, who has discovered that about twenty substances can be extracted from the air, each of which can be turned into a material very like floss silk in appearance. A synthetic cloth has even been evolved by treating various acids drawn from the air with a waste product of ordinary petrol.

Air plays a very important part, for we could not live for an instant without it. In the future, though, it is likely to provide things besides breath. Saltpeper, one of the most valuable fertilizers known, is already manufactured from air, and the neon gas used for filling certain kinds of electric lamp bulbs can be obtained in the same way. Not long ago a method of extracting carbon from air was discovered, and from this it was predicted might be developed methods of obtaining both fuel and food from the atmosphere.—London Tit-Bits.

Sea Delicacy

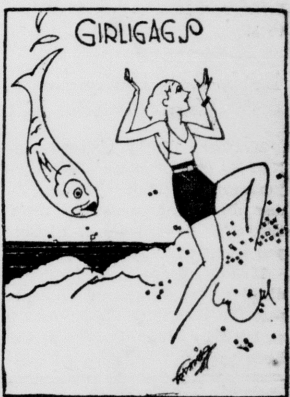

Lobscouse is the king dish of the sea. It is one of the oldest and most savory of the forecabin dishes, and he or she who does not love lobscouse does not love the sailor. It consists of meat stewed with vegetables and ship's biscuit and has been characterized by an enthusiast as "glorified Irish stew." Of all the delicacies of the sea lobscouse excels choke-dog, daddly funk, dead horse, hishee-hashee, menies, sea-pie, soap-and-bullion and twice-bird. It's the sort of dish the sailor loves, and why not? It's the best going.—Literary Digest.

CENTERVILLE K. C. FIVE DEFEATED BY HIGH SCHOOL

Displaying superior team work, Washington Union high school's Class B hoopers won an easy 34 to 13 victory over the Japanese club of Centerville, Monday night in the Centerville gymnasium. Although Coach Jess Regli's unlimited five was trailing the Centerville Knights of Columbus quintet 13 to 9 at half-time, the Cornhuskers held a 24 to 18 advantage at the close of the contest, played after the Class B encounter. In the first game, Sekigahama copped high scoring honors with ten points, followed by Fudenna with eight digits.

Laybourne tossed in fifteen counters for the high school in the unlimited contest, while Perry was outstanding for the Knights with nine.

CARD OF THANKS

WASHINGTON NOSED OUT BY LIVERMORE IN OVERTIME GAME

Centerville Class "B" Five Victorious Over Cowboys

In one of the most exciting contests ever witnessed in the Centerville gymnasium, Washington Union high school's unlimited basketball five was nosed out by Livermore Friday night 30-28. The Cornhuskers' Class B quintet took the Livermore boys into camp by a 26 to 19 count.

With the score deadlocked at twenty-eight all when the game ended, a three-minute period was necessary to decide the unlimited clash. With both teams checking closely, it appeared as if another overtime period would be necessary but the contest was settled when a Livermore man sank a basket from the center of the floor to give the Cowboys the victory.

Livermore held a 14 to 5 lead at half-time, but Coach Regli's men came back fighting and as the game drew to a close knotted the count at twenty-four all. Livermore tallied another field goal, but Phippen retaliated for Washington with a basket to tie the score again. The Cowboys netted another from the floor to assume the lead, but Laybourne sank one for the Cornhuskers as the regular game ended to even the count.

Phippen was high point man for Washington with thirteen points. He was followed by Laybourne with ten.

Livermore put up a stiff battle in the Class B game and the outcome was in doubt until the final whistle. The Cornhuskers led by a slender margin at half-time when the score read 12 to 10. Sekigahama and Fudenna divided scoring honors for Washington with twelve points apiece.

Coach Regli will take his hoopers to Hayward this afternoon (Thursday) where they will meet the Farmers in two games.

Centerville Firm Installs Large Pumping Outfit

The Centerville Electric and Pump Company has recently completed installation of the largest pumping projects in Alameda or Contra Costa counties for the California Rock and Gravel Company located at Livermore.

The pump is 340 feet deep and has a 100-horse power engine capable of pumping 100 gallons of water a minute. The installation work was in charge of Tony Enos, proprietor of the Centerville firm.

SCHOOL FIVE LOSES

The Centerville grammar school lost its first game of the season to Niles last Thursday afternoon by a 12 to 11 score. The Centerville boys played their best game in the second half when they held Niles to one point while they made seven. The following Centerville boys saw action: Walter Rupp, George Hiko, Manuel Soit, Manuel Baptista, Edward Lewis, Robert Hodges, Angelo Congina, Robert Mattos, Robert Coit, Clyde Anderson, Howard Stinhliver, George Mathiesen and Stanley Rogers.

A group of Hayward high school students visited the Washington Union high school at Centerville last Thursday and presented an enjoyable program. The program was in exchange for one Centerville student presented at the Hayward high school recently.

DINNER GUESTS

Mr. and Mrs. Lloyd Baldwin, of Niles, were dinner guests of Mr. and Mrs. Garret Norris on Tuesday evening. Baldwin has just completed his practice teaching in the Washington Union high school agricultural department.

Mr. and Mrs. Allen Mickle, formerly Centerville residents, are now in England. They are enjoying a tour of Europe.

IT WAS AN OLD OLD BOTTLE, BUT CONTAINED NIL

Memories of the days when those who enjoyed their "likker" imbibed a stimulant of genuine brand and quality and prohibition was not yet in its swaddling clothes, were revived in the cutting down of an old cherry tree at Centerville recently.

Imbedded at least two feet in the heart of one of three huge limbs of the old tree, estimated to have been at least over fifty years of wind and storms, was found a whiskey flask. Although age, and the pressure of wood which had grown around it, had made the lettering engraved on the heavy glass bottle too indistinct to determine the brand, the letters, Net Contents—10 Oz. were still readable. Iridescent colors were appearing on the bottom due to age.

THREE FACE PEACE DISTURBANCE CHARGES

Facing charges of disturbing the peace at the Garden of Allah dance hall near Niles Saturday night, Lutie Gouvia, and Joe Domingos, both of Hayward, and Harry Duarte, of Centerville, will appear in the Centerville justice court Friday (tomorrow).

The youths are alleged to have engaged in several fist fights at the dance hall and become so disorderly that it became necessary to close the hall before the customary time. Ernest Fields, manager of the resort, filed the complaint.

Native Sons, Daughters Plan for Children Benefit

At a joint meeting held Monday night, Washington parlor No. 169 Native Sons and Betsy Ross parlor No. 138 Native Daughters made plans for the annual ball to be given for the benefit of the homeless children fund.

February 25 was set as the tentative date for holding the affair, but the place has yet not been settled. Various Native Sons and Daughters parlors throughout the state hold a similar affair every year for the benefit of homeless children.

CENTERVILLE CLUB PLACES MILK FUND IN P. T. A. HANDS

County To Be Asked To Take Over Packing Houses Street

Its fund to supply milk to undernourished children at the Centerville grammar school will be placed in the hands of the Parent-Teachers Association to be administered, it was decided at the meeting of the Centerville Lions club last Wednesday night in the El Lido cafe.

The milk committee composed of Joe Bauhofer, Dr. G. S. Holeman, Joe Jason, chairman, Harry Elsey, and Lorion Marriott presented a report at the meeting.

The first milk was dispensed at the school Monday morning. Eleven children are receiving benefit of the milk at the present time.

Efforts will be made by a committee selected at Wednesday night's meeting to call upon the county road department to take charge of the upkeep of the street in Centerville leading to the packing houses. Because of the heavy traffic to which this street is subjected throughout the entire year, it was felt by the Lions that the county should handle the job in order to assure of adequate upkeep. Harold De Leon, Tony Lewis, M. S. Alameda, and Ira B. Hodgkins were appointed on the committee to look after this matter.

Chick Santos received instructions from the Lions to obtain county maps which will be studied by the house numbering committee, the result of which will be made known in a report at the first meeting in February. President Frank Madrugra appealed to the Lions to make intensive efforts to carry out this project.

A map of the plans for the project had nearly been completed by Tuesday of this week, and it is expected the actual work will begin shortly.

Announcement was made by the entertainment committee that they will consult with the Alameda Elks in regard to presenting the Elks show in Centerville for the benefit of the milk fund.

AMADOR VARSITY IS DEFEATED BY CASTLEMONT

Pleasanton's varsity suffered a 38-to-18 defeat at the hands of the Castlemont Musketeers last Wednesday afternoon.

Amador was minus its captain, Bob Silva, and Frank Peters, of the regulars, was also out of the game. Chris Hanifen was at home too.

This game was scheduled mainly to give the Amador team practice in different styles of play on a large court.

Amador took only six players and had to play with only a few substitutions, while Castlemont was using almost three complete teams. Castlemont started their reserves and scored sixteen points to Amador's two in the first quarter.

In the second quarter Castlemont was using a new team and only scored eight points to Amador's four.

At the beginning of the second half Amador changed its style of play and scored eleven points, while Castlemont only scored two.

In the last quarter Castlemont put in its regular Musketeers again and held Amador to one point, while they scored twelve.

Dutra was high-point man for Amador, with six field goals. The experience gained in this game is expected to help Amador in its return game with Centerville.

College Debaters To Visit Class Pleasanton

The Pleasanton evening public speaking class has received word from the Forensic Division of the University of California that two of its members will appear in the near future before the local group in a debate or discussion of any one of a number of questions.

The U. C. squad members will be prepared to speak on war debt, wage cutting, the ideals of American university education, recent French foreign policies as a retardation of world economic recovery, the Manchurian situation and the policy of the United States with regard to it, and other topics.

This forthcoming discussion will furnish an excellent opportunity for the gathering of new ideas and the obtaining of a better understanding of other peoples. The date of the meeting will be announced later.

Amador B Team Loses Game To Hayward Squad

Score of Twenty-One to Fifteen Is Result of Contest

In a basketball game played at Pleasanton last Thursday afternoon, the Amador B team was defeated by the Hayward hoopers by a score of twenty-one to fifteen.

The Class B quintet continued to show improvement in its play in spite of the fact that it is still in the league cellar.

In last Thursday's game the little Dons suffered greatly the loss of Bob Howell, a regular guard, who was not at school.

Abrott, trying to carry the extra burden, went out in the first half on four personal fouls, and from then on teamwork for the Dons was a lost art. It looked like there were five forwards and no guards. Hayward proceeded to score on unearned chances.

However, with the many forwards the little Dons had, they managed to run up a high score on their own account.

Where Does She Get Her "Pep?"

SHE doesn't look seventy. Nor does she feel that old. The woman who stimulates her organs can have energy that women half her age will envy!

At middle-age your vital organs begin to slow down. You may not be sick, simply sluggish. But why endure a condition of half-health when there's a stimulant that will stir a stagnant system to new life and energy in a week's time?

This remarkable stimulant is perfectly harmless. It is, in fact, a family doctor's prescription. So, if you're tired of trying every patent medicine that comes along, tell the druggist you want a bottle of Dr. Caldwell's syrup pepsin. Take a bit of this delicious syrup every day or so, until you know by the

way you feel that your lazy liver is again active, and your bowels are poison-free.

Men, women, and children who are run-down, who tire easily, get bilious spells or have frequent headaches, are soon straightened out when they get this prescriptional preparation of pure pepsin, active senna, and fresh laxative herbs. (Syrup pepsin is all the help the bowels need, and you do not form the very bad habit of always taking cathartics.)

Keep a bottle of Dr. Caldwell's syrup pepsin in the house, and take a stimulating spoonful every now and then. It is all that a great many people ever take to keep strong and vigorous, and absolutely free from constipation.

OLDSMOBILE • CHEVROLET DEALER

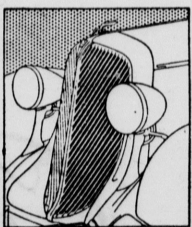

announces

the First Public Showing of the NEW OLDSMOBILE 6 and 8

STYLE LEADERS FOR 1933

THE NEW SIX

THE NEW EIGHT

We take great pleasure in announcing our appointment as dealer for the Oldsmobile 6 and 8 in this community.

These two new style leaders for 1933—a roomier, more powerful Oldsmobile Six at \$745, and a larger, more luxurious Eight at \$845—are now on display at our salesrooms, where we cordially invite you to see them and have a demonstration.

They are entirely different from anything you ever saw. New Fisher bodies—radiators—lamps—hoods. New fenders and wheels. New rear contours. Everywhere, a striking new smartness that would win acclaim at double the price.

And with all this style appeal, the 1933 Oldsmobiles are brilliant, dependable performers, greatly advanced in engineering. Both the 80 h.p. Six engine and the 90 h.p. Straight Eight engine are cradled in rubber with a three-point mounting of new scientific design, making these inherently smooth power plants still quieter and smoother throughout the

entire speed range. Fisher No Draft Ventilation, Individually Controlled, beyond question the greatest contribution to comfort, health and safety since the introduction of the closed body, is built into all 1933 Oldsmobile closed cars.

In addition to our display of the new Oldsmobiles, we invite you to inspect our facilities for servicing Oldsmobile cars. Our service department is already stocked with genuine Oldsmobile parts and equipped with factory-approved machines and tools, in charge of expert mechanics, assuring a high standard of prompt, efficient service. We will also continue to provide Chevrolet owners with the same complete service they have enjoyed in the past.

See the new Oldsmobiles at your earliest convenience, and arrange a trial ride for a demonstration of the balanced excellence now available in these cars, at the lowest prices in ten years—\$745 and up, f. o. b. Lansing—bumpers and spare tire extra.

TWO GENERAL MOTORS VALUES

KEEP YOUR ROOMS "ZONED TO COMFORT" WITHOUT WORRY OR WORK....

HOW many temperature zones have you in your home? Are there chilly halls, closed-off rooms while even your "warm rooms" often drop below the zone of comfort when the fire is neglected?

Today there is no need for parts of the house being cold and only favored rooms kept warm. Today there is no need of bothersome fire tending, stoking, or poking. Modern gas heating equipment has put an end to all this. Such equipment, because it is easily controlled, assures even "Comfort Zone" warmth to every room, regardless of the outside weather. Clean quick-acting heat flows from gas heating equipment at a finger's touch on electric button, key or automatic thermostat.

You can modernize your home with gas heating equipment to have Controlled Gas Heat for a very small down payment and you can spread the cost over many months. Ask this company for particulars, or consult your local heating dealer.

Pleasanton Jury Fixes Guilt in Cutting-in Case

One Man Fined Twenty-Five Dollars by Judge

In a jury trial in the Pleasanton court of Judge Charles A. Gale last Tuesday morn, Franklin Allen, of Ione, was found guilty of cutting-in. He was fined twenty-five dollars by Judge Gale.

Testimony showed that Allen committed the offense on the afternoon of October 30, 1932, on the Dublin-Santa Rita highway near its intersection with the hop-yard road. Allen had just passed the hop-yard road going toward Santa Rita when he started to pass several cars ahead of him. A motorcycle officers approaching from Santa Rita caused him to attempt to regain his place in line. In the meantime the car behind Allen, driven by Edward Lewis, of Oakland, had closed up the space formerly occupied by Allen's car. When Allen tried to get back into that space, Lewis was forced to stop abruptly and narrowly escaped landing in the ditch.

Lewis, in the trial last week, was a witness for the prosecution, as was C. K. Gill, the traffic officer.

Witnesses for the defense were Allen's son, Jack Allen, and Miss Bernice Haverstick, of Escalon, both of whom were riding with Allen at the time of the arrest.

Editorial Comment

NORMAN H. PARKS, Publisher Register

clared guilty of treason, and put to the rack. Of the two classes who would destroy representative government, the latter is the more culpable. The communist, as a rule, is a man who has met with misfortune, financially. To him, the present system seems to keep him from enjoying the blessings that he feels God meant he should enjoy. As a class, the disciples of Lenin here in America are poorly paid laborers, with little education, and it is not strange that they should be dissatisfied.

The capitalist, and the bootlicking type of little business man who because he has \$5000 thinks he is a royalist, have no real grievance against democracy. They have education, at least of a book variety, and they have plenty to eat, to wear, and plenty of time to play bridge and golf, and to talk scandal about their neighbors. For these people to encourage the idea of a dictatorship in America opens them to greater criticism than the poor coal miner of Pennsylvania who dreams of a Soviet union here in the Western hemisphere. The favored class should know better, and if the ignorant laborer is guilty of treason, then the pampered, privileged class that seeks the overthrow of democracy is guilty a thousand times of sedition.

There should be no distinction between the two.

The Township Register calls upon the department of justice at Washington to display the same energy in ferreting out the capitalistic traitors in New York and San Francisco, that it has so unmissably displayed in running down the leaflet of sovietism that has fluttered across the Atlantic to contaminate the proletariat.

Paroles Sought by Two Formerly of Pleasanton

Mrs. Barbetta Hammel and W. H. Wickham Seek Release

Seeking paroles from San Quentin are Mrs. Barbetta Hammel, whom many of the Pleasanton merchants will remember as still owing them money, and W. H. Wickham, who was convicted of killing John Springer, Sunol rancher, in 1915, it was revealed by parole applications made last week.

Mrs. Hammel at one time ran the Rose Cottages, in Pleasanton, and while there ran many bills with local merchants without, apparently, any intention of settling them. After leaving here she was finally sent to the penitentiary on forgery and murder charges. Wickham received life imprisonment for his crime. He escaped, but was recaptured, in 1920, and was denied a parole in 1927.

Pleasanton Five Loses to Livermore Hoopsters

Johnson's All Stars, of Pleasanton, were defeated last Wednesday by the Livermore Athletic club. The score of the game, which was played in the Amador gym, was forty-one to twenty-nine.

The All Stars had an off night. Poor passing and bad shooting were factors in their defeat. "Bud" Moy and "Hap" Bonne, of Livermore, were the stars of the game.

The line-up for the Pleasanton team was: Arendt, Nevis, George and Azevedo, forwards; Powers, center; Trimmingham and Vervais, guards.

One Pleads Guilty, One Not Guilty in Pleasanton

Ed Rogers is spending twenty days in the Pleasanton jail on a charge of stealing wood from C. W. Weidman, of San Leandro, while Louis Schenade, accused as an accomplice, will be tried on the same charge on January 31.

When both men appeared before Judge C. A. Gale, last Tuesday, Rogers plead guilty and Schenade, not guilty.

The two are accused of stealing the wood from Weidman and selling it to Frank, Viada, Pleasanton wood dealer.

Relations of the troop committee to the scouts were discussed at a meeting of Niles Boy Scout Troop No. 1 officers called Friday night by J. E. Townsend, committee chairman. Future trips of the troop also were discussed. Those present were Scoutmaster Morrison Green, Assistant Scoutmasters Marshall Green, Frank Ferry and Everett Mendenhall.

Committeeman Frank Nunes, Assistant Scoutmasters Marshall Green and Frank Ferry, Troop No. 1, Niles, and Scoutmaster Souza, of Centerville, attended the Pleasanton training course Friday to work for committeemen's diploma.

J. E. Townsend delivered a talk to members of Troop 1, Niles Monday night on the trip to the snow to be held February 5.

Jack Rathbone, patrol leader of Troop No. 1, Centerville, took charge of the troop while the scoutmaster was attending training course in Pleasanton Friday. One of the committee assisted.

A meeting of the troop committee for Troop No. 1, Niles, has been called at the scout house for February 2 by J. E. Townsend and Scoutmaster Morrison Green.
